JOHN SNYDER
Agricultural Commissioner
Sealer of Weights & Measures

DATA SEARCH REQUESTS

Upon receipt of a complete and legible information request form (attached), the Riverside County Agricultural Commissioner's Office will evaluate your specific request.

A fee of \$65.76 per hour is required for processing information requests for Environmental Site Assessments and for the processing of other miscellaneous public records searches. As a result, the actual charge can vary from request to request, depending on the time required to process the request. After consulting with department staff, please remit payment to:

County of Riverside
Agricultural Commissioner's Office
Data Requests
P.O. Box 1089
Riverside, CA 92502-1089

A separate fee of \$131.52 will be charged for processing permit data requests. Our office will provide the pesticide permit data file as an e-mail attachment (RIVCO.SDF), in a "COMMA DELIMITED" format. A copy of the file structure will be included for your reference. The data represents over 8,000 crop locations throughout Riverside County and is updated regularly. Please remit payment to the address above.

Public information requests are normally processed within ten (10) working days of receiving the required fees. If you have any questions, feel free to contact our office at (951) 955 – 3045 during normal business hours (7:30 a.m. to 4:00 p.m.).
